The Community Engagement Forum welcomes and invites contributions from members of the public.

At all Forum Meetings you can ask questions or share your views about the presentations and reports on the agenda or you can raise issues and concerns that affect you or your community. Alternatively, you can ensure that an issue is raised or a question is asked (anonymously if you prefer) by filling out an issue sheet - these are available at the meeting or on the Council's website (www.your-community.org.uk). At every Forum meeting we produce and circulate an 'Issue Table' which tells you the progress we have made in resolving your concerns and gives details of the people dealing with the matter.
